Employment Law and Health & Safety Workshop

Understanding Your Employer Obligations

Your exclusive invitation to attend FREE of charge

Dear Sir/Madam,

It's difficult for business owners in Ireland to keep on top of the continually changing employment law and health and safety legislation. In these uncertain times, it has never been more important to ensure your business stays legally compliant. Failure to comply with employer obligations can lead to hefty awards and fines, crippling the most financially-robust businesses.

Chamber HR offers employers 24-hour access to experts on employment legislation and provides interpretations of the law and advice on human resource management as well as representation and indemnification against employer awards.

We believe it is vitally important that your business is protected, so we would like to invite you to join us at our next event in your area. The workshop is completely FREE of charge. We will cover the most important aspects of employment law, including changing contracts of employment, managing redundancy, dealing with a tribunal claim and protecting your business from litigation. Everyone who attends this event will have the opportunity to renew their current Employment Law and Health and Safety Practices.

To confirm your place at our FREE event, simply call our specialist team now on (01) 850 6055, email events@peninsula-ie.com, or see overleaf for booking form - fax no (01) 855 4865.
